Financial Security Assurance

Booth #: 1116

Contact: Maria Alvarez

Title: Associate

Phone: (212) 339-3523

E-mail: MALVAREZ@FSA.COM

Web: www.FSA.com

FSA Provides Aaa/AAA/AAA financial guarantees and insured financial products to clients in both the public and private sectors around the world. FSA has recently been reaffirmed Triple-A with a stable outlook by Fitch Ratings (Fitch), Moody's Investors Service, Inc. (Moody's) and Standard & Poor's Ratings Services (S&P). In the financial guaranty business, FSA provides this Triple-A default protection to investors in investment-grade municipal and public infrastructure financings and asset-backed securities, while helping the issuers of those obligations reduce their funding costs and achieve their financial objectives. We operate under a regulatory regime that limits FSA's activities to financial guarantees and related products and protects against a sudden loss of liquidity by prohibiting acceleration of our guaranteed issues without our consent.

In our financial products segment, non-insurance subsidiaries issue customized FSA-guaranteed investment products and invest the proceeds in high-quality, liquid securities to generate spread income.

A Dexia Company. We are a member of the Dexia Group, one of the 20 largest banks in the euro zone and one of the world's most highly rated financial institutions. Dexia is the world leader in public finance, and we benefit from valuable synergies with Dexia across many of our business areas. Perhaps most important, Dexia shares our firm commitment to conservative risk management and the durability of FSA's Triple-A financial strength.

Products/Services: Rating Agency

Standard & Poor's Public Finance Ratings help assess the creditworthiness of municipalities, public and quasi-public agencies, government-owned facilities, and not-for-profit organizations with a variety of powerful tools and credible analytics.

Whether it's a rating for a single issue or a longer-term financial plan, we provide a wide range of rating services market professionals depend on to help manage financial decisions with clarity and confidence.

Stanford Group Company
Booth #: 626

Contact: Robert Allen Strohl
Title: Vice President
Phone: (888) 305-1900
E-mail: Rstrohl@stanfordeagle.com
Products/Services: Brokerage Services

Many public funds recognize Wall Street's total return approach to performance measurement and portfolio management does not reflect the real world of public fund investment management that until now they had to accept. Stanford provides a framework for public funds designed around Main Street Money Management with the goal of increasing portfolio returns while protecting portfolio principal. An attainable goal, even with limited time, resources and staff.
