PRESENTATION

Award

- The GFOA's Distinguished Budget Presentation Awards Program has been promoting the preparation of high quality budget documents since 1984. More than 1,200 governments participate in the program each year. Participants include governments of all levels (state and local), types (general-purpose and special-purpose), and sizes.
- The Distinguished Budget Presentation Awards Program is specifically designed to encourage state and local governments to prepare and issue budget documents of the highest quality. Top-quality budget documents are essential if citizens and others with an interest in a government's finances are to be full and informed participants in the budget process. Better budget documents contribute to better decision making and enhanced accountability.
- The Distinguished Budget Presentation Awards Program allows the public finance profession a welcome opportunity to recognize those governments that have, in fact, succeeded in preparing a high quality budget document. This recognition can be viewed as a positive factor by credit rating agencies and by others interested in the professionalism of a government's finance function.
- A sliding fee scale based on expenditures makes participation in the Distinguished Budget Presentation Awards Program affordable for even the smallest governments.
